

With ezCheckprinting software, small businesses can print professional checks at home. Here is step by step... Step 1 Download the ezCheckprinting software. Step 2 Download or create your own receipt file using the ezPrint printer driver. Step 3 Connect the printer to the computer and download the receipt file. Step 4 The ezCheckprinting software will automatically detect your device and prompt you to set up your printer so that the software can recognize it. Step 5 Wait for the printer setup to complete. Step 6

Ez Check Printing Full Version 37
